### IMPORTANT NOTES FOR WEB SITE USERS:

1). You are subscribing to use our stock web site(s), which include standard company content and personal representative information. To avoid the possibility of web site visitors mistaking your site for one of our USMR "company" sites, your "home page" or primary screen will clearly identify you as an independent representative of the Equity Acceleration Program and/or Debt Free USA. You may also include your company name (if any), but **each site must include your name as the representative.** A sample recruiting web site may be viewed at [www.usmortgage.net](http://www.usmortgage.net), a sample EAP client web site at [www.usmr.net](http://www.usmr.net), and a sample Debt Free USA web site at [www.debtfreeusa.net](http://www.debtfreeusa.net). USMR frequently updates and improves our stock web sites and periodically, you may wish to update your web site(s) to reflect the latest USMR has to offer. The low cost to update a site to match the stock site currently is just \$50 plus the cost of any added options, so watch our sample sites and let us know whenever you want an update.

2). Recruiting and client web site options, as shown in the sample sites, are available for only a small fee for each selected option. Remember, USMR will reimburse you \$50 towards your recruiting expenses ONLY for those prospects who were "protected" to your USMR sales team under Option 3 within the 6 month period prior to enrolling as Regional Managers. If you have any questions about this, please call Program Support.

3). Upon receipt of your Web Site Order Form, USMR will set up each new site, put it "on-line" and begin service. We will notify you when your site(s) can be accessed. You will then have 10 business days to notify us in writing about any errors we made. You need to tell us all the errors in one email to [orders@usmr.com](mailto:orders@usmr.com) or one fax to 520-918-0041. **NOTE: Any additional error correction requests (or ANY change requests once your order is processed) are subject to a \$10 per site or disk change fee (\$50 if you want to change a user name or the 'look' of the site).** The standard company content on all USMR web sites can only be changed by USMR. We appreciate your understanding!

4). USMR is the author and owner of these Internet sites. Under no conditions shall USMR assume any liability for their use, nor shall USMR be liable for errors of any type. **For your protection, and to keep our fees as low as possible, USMR does not register reps' web sites with any search engines.** You may personally register your web site(s) with the search engines of your choice.

Your signature below (required) indicates your agreement to comply with all current terms, policies, fees, and conditions of use of the USMR Internet service(s), which are subject to periodic change. This information is posted on our company Internet site . . . [www.ussupport.com](http://www.ussupport.com). It is your responsibility to check it from time to time for changes and updates. *Thank you!*
